Construction News & Chapel

April 14, 2016

A Note From Father Donald Staib

Members of the Parish,

The mid-week rain forced a two day stop in moving dirt on the site, but workers were busy forming the metal rebars on some of the dry land. At our bi-weekly construction meeting this week conversation began about some interior issues that we need to decide shortly.

In the near future there will be some parking disruptions in the last bay. In later phases of the construction we will see the many new parking spaces.

The Chapel

Here is a picture of the chapel; you can see the Chapel in context in the larger renderings. The Chapel is in our plans, but not in our budget yet.

Many members of the parish have generously given to the new church over the past 4 years - and some are still giving beyond their pledge.

For the Chapel we want to reach out to those who have never given/pledged. We need your

help now.

If you are a new member of the parish, we are grateful to you for beginning a pledge which can be paid over 3-4 years.

Our original request of members of the parish was a pledge of \$5,000. Because so many responded we were able to begin construction. We also had the support of our Diocese which gave us the largest loan ever given to a parish.
