

E-NEWS – GREEN LIGHT – January 8, 2015

Members of the Parish & School,

Thursday afternoon I received confirmation from our Diocese and from Bishop Burbidge that we may begin our construction project for the new church.

This is a momentous day for our parish!

The generous response of the past two months - about \$500,000 - has been a blessing. So many thanks for your generosity at this time.

We will have an 'event' at and after the Masses on the weekend of January 16 - 17 to celebrate. Details will be sent out in an E-News early next week.

An orange fence may go up soon, but there are some details in our construction documents to complete before bulldozers appear.

Rejoice and be glad! - Father Donald Staib
