Candidate's Community Service

The community service component of a Confirmation program can be viewed as an apprenticeship to the active ongoing work of the fully initiated members of the Catholic Church. This is an opportunity to gain insights about your proper role in taking responsibility for the building of the Body of Christ into a kingdom of God that reigns in justice.

Because of the nature of the sacrament, candidates for Confirmation are required to complete volunteer service hours as a means of actively serving the Body of Christ. There are no set number of service hours required; however, candidates must not be paid for their service, nor should the service be chores they would normally do for their family.

Some examples of community service that candidates have completed in the past include volunteering at Catholic Charities of Raleigh and Miracle League of the Triangle and Habitat for Humanity.

Candidate's Name: _____

What was the community service you completed?

_____

_____

Where was the community service performed?

_____

On what date(s) did you complete the service? _____

How did this experience help you build the Body of Christ?

_____

_____

_____
